

Kankakee Community College

Health Records Checklist for Health Careers Students

*The following blood draw(s), immunizations, and tests are required for all Health Careers students.
Please attach the appropriate documentation of blood draw, immunization, and test records.*

Tests:

- Two-Step TB (within the last year)
(Four trips to the facility of your choice are required to complete this lab test)
 - QuantiFERON Gold TB test acceptable instead of 2-step TB test. This is a blood draw and can be costly if insurance doesn't cover it.
 - Results must be recorded in "mm" induration. If TB test is from your employer, documentation needs to be on company letterhead, or the form used at the facility. If you test positive, contact the county health department for the screening process.

Immunizations:

- Tetanus Booster (must be within the last 10 years)
- Hepatitis B (3-shot series)
 - Titer required if student does not have documentation of Hepatitis B vaccines
- COVID-19 (documentation of all shots received)
- Influenza (Fall & Spring semester students)

Blood Draw(s):

- Measles Titer
- Mumps Titer
- Rubella Titer
- Varicella Titer
 - Titers are good for a lifetime. If you have had titers drawn before, please provide documentation. If any of your titers are negative/non-immune, you will then need to get a booster vaccine before you can start clinical. Please also provide any documentation of any booster vaccines you may receive.

Physical:

- Placement in a clinical/lab within a health career program is conditional in that you must be physically capable and emotionally stable to perform the essential functions required in the specific program with or without reasonable accommodation and be free from communicable diseases in the opinion of your physician. A medical examination by a legally qualified healthcare provider is required. **The examination must be complete and on file in the Health Careers Division prior to the first day of classes.** Physicals cannot be older than **four months** from your first day of classes.

Background Check:

- This requirement must be completed before your class starts.
- Complete the background check form entirely. Pay for the \$34 fee in the accounting office (located on 2nd floor). Turn in your completed form and payment receipt in the division office, Room W102.

Drug Screen:

- This requirement must be completed before class starts.
- Your drug screen must be completed at one of two facilities. No paperwork is needed to take with you to the facility to complete this requirement. The facility will send the results to KCC. This requirement cannot be completed more than four months prior to the start of your program of course.
